

Malayan Tiger

Description

The Malayan tiger is a tiger from a specific population of the *Panthera tigris tigris* subspecies that is native to

Peninsular Malaysia.[2] This population inhabits the southern and central parts of the Malay Peninsula and has been classified as nationally critically endangered. As of April 2014, the population was estimated at

80 to 120 mature individuals with a continuous declining trend.[3]

Kingdom: Animalia

Phyluim: chrodata
